TIFFANY, MOTHER OF 4 BOYS, KIDS BETWEEN THE AGES OF 4-10, WORKS FROM HOME

This was my 6th year of homeschooling and the first year I homeschooled all four boys. I was teaching English to Chinese students online and working for HEDUA. Two to three times a week we drove 45 minutes one way for speech therapy and/or ice hockey.

tips

- I spend 10 minutes of one-on-one time with each child for math, language arts, history and science each school day.
- We spend about 2-4 hours a week in the car, so we listened to as read aloud books on audio.
- We also listen to our music studies while traveling.
- We often take independent work for long waits.
